COMMENDATION ON HAYDN JAMES

Haydn James is hereby commended for defending the postulates of L. Ron Hubbard in a discussion which took place in the Marty Rathbun blog on 23 June 2010. There is a discussion concerning an awful anti-LRH british news program and some individuals on the Rathbun forum have been defending it. This is one of Haydn's comment:

"Hey I'm all for honesty. If the agenda is to destroy the church then come right out and say it because that is what it looks like to me. Tear it all down, use any means, the end justifies the means, even lying tabloid journalism, what's it matter if the truth gets in the way, hell that sounds like someone I know.

The exact truth is the only weapon we have, once we lose that we are just a rabble."

This is damn good, Haydn. We salute you!
