Yes, we like good news but right now we're interested in the truth

Why some of you insist on putting Marty Rathbun up as “new leader”? I think this is like hanging him on a wall for OSA and other’s target practice. He doesn’t even want it and it’s not hard to understand why. LRH tried to lead this “group” and he paid dearly for it.

This is a group where you will find some brilliant individuals but I think if you really took a good look you will see that it is eating “leaders” alive. Leading this group is like putting your head inside a Formula One engine and keeping it there for the duration of the race.
